Passengers' satisfaction

FLYING CHEF

PRIVAJET SERVICE

Our crew members are recruited amongst the best professionals and all have international experience working for VVIP passengers and Heads-of-State. They benefit from continuous training in service and safety.

To offer a bespoke service, we assign the same crew members as often as possible to frequent passengers. The crew hence knows what their particular preferences are.

The brand new and state-of-the-art entertainment system installed in the aircraft in 2014 provides the passengers with a full range of possibilities:

- high speed Internet surfing through WiFi connection ;
- listening to music ;
- watching movies in their own language ;
- browsing the “Airshow” on their individual iPads.

PRIVAJET PILOTS

Capt. Stefan FISCHER (10,700 hrs) - Director of Flight Operations
Capt. Jean-Marc DUQUENOY (15,000 hrs) - Training Manager
Capt. Ganesh PIGA (8,500 hrs)
F/O Marc PRUDENT (3,500 hrs)
F/O Karim MAHIOU (4,200 hrs)

All our pilots are trained twice a year in a simulator. They have extensive experience operating VVIP flights.

PRIVAJET FLIGHT ENGINEERS

Ludwig SCHEFFELMAIER
Michael H. ANDERSEN

One licensed Flight Engineer is always flying in the aircraft. They are committed to ensure we are at all times meeting the highest safety standards, as well as assist crew and passengers with any request.

PRIVAJET FLIGHT ATTENDANTS

Carole BOUVAT-MARTIN - Chief Cabin Crew
Virginie PONS - Lead Cabin Crew
Paloma FERNANDEZ
Marta CENGOTITABENGOA

Our cabin crew first objective is the passengers' safety for which they are trained on a yearly basis. They are also trained to deliver the highest level of service. They spare no effort to prepare for each flight with the Client's representative to make sure all will be done beyond the passengers' expectations. Our Flight Attendants ensure complete passengers satisfaction at all times.

PRIVAJET FLYING CHEFS

Benjamin LAFFINEUR
Aurélien MISSE

In partnership with Yves Mattagne, the 2-star Michelin Chef and owner of Sea Grill in Brussels (Belgium), Privajet's new dining concept features a private chef onboard every flight to prepare and serve refined meals at 41,000 ft. This is a unique experience for our discerning passengers and this partnership is demonstrating the level of excellence Privajet is constantly aiming to.
