JET CATERING

Art of Delicious Flights...

JET CATERING

Jet Catering company exists in the Russian Aviation Market for more than eight years, and during this period gained a reputation of a reliable meal service provider for business aviation.

JET CATERING

Having started its way from a small kitchen and one client, our company has grown to a large aviation production able to satisfy demands of the business aviation market of Moscow as well as charters with loading up to more than 200 passengers.

JET CATERING

Our team has a great experience in the catering and the VIP servicing field that allows us showing ourselves in the off-premise catering market and managing few cafes in business centers of Moscow.

JET CATERING

In December 2017 we opened a new, ultra modern producing, which allows us to operate huge amount of orders for aviation and catering for events
