About us

Founded out of the desire to save travelers from the hassles of parking, baggage, delayed flights, long lines at the ticket counter, layovers in crowded airports, and cancelled flights, Prime Jet Services is an aviation brokerage company that provides aircraft charter around the world, mainly focusing on Private Jet, Air Ambulance, Helicopter, and Cargo Aircraft. We offer professional private airplane charter services using a variety of aircraft types and ensuring the highest level of safety and security. Prime Jet Services is passionate about giving you the complete flexibility and convenience to fly when, where, and how you want. Our superior service delivery coupled with our provision of state-of-the-art tools for our customers distinguishes us from our competitors. Prime Jet Services has a dedicated team of travel professionals who plan every trip with meticulous attention to detail.

We have the capacity to accommodate all trip requests and make the booking process effortless.

We advise our clients on choosing the best aircraft for their trip, discuss any special catering requests they may have, and also assist them in arranging for ground transportation and a hotel if needed. At Prime Jet Services, we believe communication is the key to a successful relationship and thus, we continuously improved our channels of communication with our clientele. We ensure that our air charter flight customers have access to all the information they need in a timely manner.

Services

Prime Jet is the trusted choice for charter flights. We work together with our extended network of partner operators worldwide to assist you with all of your travel needs. We recognize that every client has a choice when shopping for charter flights and hence we offer various range of aircraft. Our main aircraft categories include:

- Light Jets are executive jets that are elegantly appointed and best for small groups of people.
- Midsize Jets which have extended range, accommodations, and increased performance.
- Heavy Jets which are the pinnacle of private jets with long-range comfort
- VIP Airliners which are the luxury version of the long-range aircrafts normally used by commercial airlines. Prime Jet Service has the flexibility to choose the best, safest and most reliable aircraft available in the industry. We have access to over 6000+ aircraft around the world. Our air charters are ideal for corporate and business travel departments, athletic organizations, and other private needs anywhere in the world. We can also handle your emergency and express air cargo needs as well. Breeze through the airport within a few minutes, board the plane and prepare for takeoff. It is that easy.

Private Jet Charter

Prime Jet Services offers Private Jet Charter services providing time efficiency for busy professionals while making leisure traveling seamless. Our private jet charter service ensures faster checkins and avoiding transits, making it possible to fulfill multiple meetings in different cities, increase productivity, and also increasing the amount of time spent enjoying the getaway. Whether it is for business or leisure, we take pride in offering you the most suitable aircraft.

Helicopter Charter

Prime Jet Services Helicopter Charter service comes with a level of flexibility which cannot be found with fixed wing aircraft. We enable you to fly point to point at your own convenience and at maximum comfort. You can transport yourself or your loved ones from airports to various location using our Helicopters.

Cargo Aircraft Charter

Prime Jet Services leverages its size, infrastructure and experience in air freight in offering air cargo charter services around the world. Ranging from small jets ideal for quick deliveries to freighters used for heavy loads, we have various options which you can choose from.

Air Ambulance Charter

Prime Jet Services offers the quickest option for patients who cannot endure the rigors of commercial flight when traveling. We have various range of aircraft which are suitable for medical evacuation.

Why choose us

Safety

Prime Jet Services places the utmost priority on safety. We take pride in providing the highest levels of safety for our passengers. We check the aircraft we source through a compliance report and ensure every traveler feels confident in choosing an aircraft for their trip. When it comes to safety, Prime Jet Services spares no detail.

Comfort

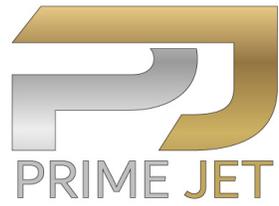

Prime Jet Services charter experience is both luxurious and comfortable. Access to private terminals gives our clients the opportunity to avoid queues and unnecessary delays. We guarantee the privacy and comfort of our passengers at all times.

Cost-effective

With access to offer 6000+ aircraft around the world, Prime Jet Services always source the right aircraft at the best price. We ensure our clients receive the most cost-effective services at all times as we are able to offer high-volume discounts which we pass on to our client. We are available to arrange your travel needs anytime, any day.

We understand that our guests require a complete privacy, Prime Jet Services ensures that your information is kept safe and remains confidential at all times.

Most airports offer separate VIP terminal or entrance and exit when flying privately and the ground personnel is ready to escort you to your Private Jet as soon as you are ready to fly.
