# Aircraft Management

✈ for Jet Owners

For private jet owners, CeoJetset's aircraft management service is engineered to save time, money and inconvenience. It also ensures an owner's utilisation of their aircraft is more enjoyable while creating opportunities to significantly reduce costs by offsetting against charter revenue. Entrusting your most valuable asset to CeoJetset enables you to leave all administrative and operational aspects of aircraft management to us. You maintain the flexibility of ownership, but benefit fully from our administrative and financial control, and from our strict adherence to regulatory standards of aircraft maintenance and safety.

- Charter

The quickest means of commuting and reducing flying times. Travellers have the advantage of tailoring their travel needs around their schedule, accommodating last minute alterations, with the ability to reach two or more destinations in a single day. Remote locations, difficult to reach with scheduled carriers, can more easily be accessed by business aircraft.

- Aircraft Sales

Finding the right aircraft starts with understanding the best fit for your individual needs. Our sales team will guide you through the buying process and aircraft options to make sure your acquisition meets your requirements today, and in the long term.

- Luxury Services

Imagine a luxury travel experience that combines the very best of land, air and sea services that CeoJetset has to offer. Our services range from high end vehicles, luxurious villas and the best of yachts that the archipelago has to offer.

# Why Choose CeoJetset

✈ for Your Aircraft?

- **SHORT OR LONG-TERM PROGRAMS**

Highly adaptive turnkey programs to accommodate the unique requirements of each client. Monthly and yearly management programs available as well as aircraft Entry Into Service (EIS) startup support with gradual transition into an autonomous client operation.

- **SIGNIFICANT COST SAVINGS AND INVOICING TRANSPARENCY**

Transparent pricing on fuel, insurance, crew training and more, through strong partnerships and considerable purchasing power. All maintenance costs are handled by CeoJetset on the client's behalf and are re-billed to them following thorough verification.

- **IS-BAO REGISTERED AND POC HOLDER**

CeoJetset offers the highest levels of professionalism and operating best practices, exacting safety standards and enhanced collaboration with regulators. All of this is ensured by our International Standards for Business Aviation Operation (IS-BAO) certification, as well as our Safety Management System (SMS).

- **EXPERTS IN AVIATION REGULATIONS**

Wide-ranging knowledge of aviation regulations worldwide, especially in emerging countries. Competent and Experienced aviation advisor network.

- **UNPARALLELED INDONESIAN EXPERTISE**

Extensive real-world experience and vital working knowledge in Southeast Asia.
