A SIMPLE (HI)STORY IN BUSINESS AVIATION

Since 1979, United Aviation Services has been committed from the beginning to a friendly, direct, professional and discreet service, where we have always shared with our customers the passion for excellence, punctuality and safety, as hallmarks of our identity.

The beginnings were hard, with few resources, many hours of personal dedication of our founders, many trips to make United Aviation known in a world without internet and not as globalized as today... but over the years, thanks to the efforts of our team and the constant reinvestment of our resources in equipment, safety and continuous training quality, United Aviation has become the most modern, safe and reliable business aviation handling company in Spain.

Land in any FBO of our growing network in Spain and receive a warm and friendly greeting from United Aviation. Consistent and exceptional service. Expert handling, safe and ready on the ramp. Clean, comfortable and well furnished facilities. Professionals at your service who make an extra effort for your passengers and crew. A quality/price balance beyond comparison.

UNITED AVIATION: COMMITTED TO SAFETY

Launched in 2014, the International Standard for Business Aircraft Handling (**IS-BAH™**) is designed to enhance the safety and efficiency of business and general aviation Ground Handling Service Providers (GHSP) on a global level. **IS-BAH™** is based on the implementation of industry best practices blended through a progressive Safety Management System (SMS).

Therefore, **IS-BAH™** is the global industry standard for handlers and operators around the world to meet the coming SMS requirements from the International Civil Aviation Organization (ICAO).

In its continuous commitment to quality and safety, United Aviation develops all its operations under the strictest safety standards in the global industry, achieving **IS-BAH™** certification in 2019. This certification, renewable every 2 years, will make United Aviation the first GHSP in Spain to have its entire network **IS-BAH™** certified, as an unequivocal commitment to achieve the excellence deserved by our customers.

UNITED AVIATION: SAFETY GUARANTEED

But how can safety be guaranteed?

The key is to listen to the needs and concerns of our customers, and to be mindful that, in the event of damage to an aircraft, there is an additional cost in addition to the repair: the loss of profit due to the aircraft not being able to generate the expected profits.

The big concern is that in the Standard Aviation Liability Insurance Certificates around the world, none of them included an Additional Coverage for this cause... Until NOW.

For this reason United Aviation is a pioneer in Europe including in its Civil Liability policy an Additional Coverage for Loss of Profit, with an additional limit of 1 million euros per claim.

Because if we are serious about safety, it must be GUARANTEED.

AIRCRAFT SERVICES

Leave all your ramp needs to us. Rely on our expert staff, trained and dedicated exclusively to looking after your aircraft and passengers.

We dedicate special attention to your operations, using our own GSE at most of the airports in our network, so with us, long and unnecessary waits for services offered by third parties simply do not exist.

You choose the right time to leave your aircraft ready for action again.

-  Ramp services & efficient turnaround times
-  Potable water & lavatory service
-  Towing service & Push-back
-  GPU & Air Starter
-  Conveyor belt / heavy loader
-  Baggage loading / unloading & transport
-  De-icing (at certain airports only)
-  Hangarage (at certain airports only)
-  Fueling arrangements

BRIEFING SERVICES

We know better than anyone that in Business Aviation time is the most precious asset.

That's why we have 24-hour dedicated staff to attend to your handling requests, either at the airports in our network or anywhere else in the world. Responding quickly to your needs is one of our main objectives.

-  Domestic & international handling
-  Airport & airway slot coordination
-  Traffic rights & landing permits
-  Customs and immigration assistance
-  Flight planning
-  NOTAMs
-  Weather reports

The background of the slide is a collage. On the left, there's a close-up of a United aircraft's tail fin, showing the blue and silver livery and the United star logo. On the right, there's a white United service van parked on an airfield at sunset, with its emergency lights on top. The text is overlaid on a white, angular shape that cuts across the center of the image.

PASSENGER SERVICES

Good, better, best... At United Aviation, the words "premium service" have the same meaning as for your passengers.

Comfortable, accessible and modern facilities, with all the amenities you would expect from a world-class service.

Make your passengers as welcome as they deserve. Make them feel expected, welcomed and cared for.

And anything we don't offer directly, just ask us. We love challenges!

-  VIP lounges with open bar and separate private areas (at most FBOs)
-  Wide range of business & entertainment amenities
-  Dedicated internet / Wi-Fi
-  Passenger assistance
-  Concierge service
-  Hotel & restaurant reservations
-  Limousine & car rental arrangements
-  Helicopter transfers
-  Change aircraft charter reservation (aircraft / helicopter)

CREW SERVICES

For us, our real clients are the crews that visit us. Listening to your requests is how we have been improving day by day for 40 years. Only for and by you.

That is why we make every effort to ensure that every time you land at our facilities, you feel at home. We are your partners on the ground. If you miss anything, don't hesitate to ask.

-  Superb-equipped, comfortable crew lounges with open bar (at most FBOs)
-  Meet and greet upon arrival
-  Airside transportation
-  Crew assistance
-  Hotel & restaurant reservations
-  Snooze rooms & private shower rooms (at most FBOs)
-  Free Wi-Fi

ADDITIONAL SERVICES

Do you want to surprise your passengers with a special request?

Every day we process dozens of requests adapted to the needs of our customers.

A special detail... A legendary catering service... Freshly brewed coffee, served directly on the plane... Refreshments... Ice...

Any request is dealt with in the smallest detail.

-  Liaison with prime gourmet caterers
-  Catering of non perishable products storage in fridge
-  Dry ice
-  Freshly brewed coffee / hot water
-  What else?
