Aircraft Management - Aircraft Charter

Premium Jet - The Global Solution for...

Aircraft Management

Premium Jet has established quality systems and procedures which enable comprehensive, safe and cost-effective personalized business aviation management solutions to discerning customers worldwide.

Aircraft Charter

Premium Jet with its reputation and track record in the field of third party charter has carried over half a million passengers – trouble-free.

Aircraft Sales

Premium Jet is an independent aircraft sales organization not affiliated to any aircraft manufacturer, locating an aircraft or buyer to exactly match your requirements.

Aircraft Completion and Acceptance

Premium Jet's experienced in-house completion management team, with its extensive technical background and experience will save you both time and money while ensuring the highest professional standards.

Premium Jet is owned and managed by professionals with decades of experience and thorough understanding of the needs of business aviation users around the world.

We take complete care of your aircraft allowing you to focus on your own business...

Premium Jet offers commercial and private aircraft management solutions ranging from specific services to a complete asset management arrangement:

- **Dispatch.** Year-round 24/7 in-house operations department working with state-of-the-art systems and staffed with multilingual, experienced and well-connected flight dispatchers.
- **Crew Control.** With owner's approval Premium Jet will recruit, employ, train, schedule and control properly licensed flight crew to ensure professional flight operations.
- **Maintenance Control (CAMO+).** Qualified and experienced maintenance controllers coordinate maintenance, checks and support of all technical aspects with approved facilities around the world, including 24/7 AOG-assistance.
- **Insurance Management.** Premium Jet's favorable fleet insurance policy ensures compliance with legal requirements at better terms and conditions.
- **Fuel Management.** Premium Jet provides fuel carnets from major suppliers permitting competitive pricing with global volume purchasing advantages.
- **Administration / Accounting.** All invoices incurred from the aircraft operation are closely scrutinized prior to being published for you on our easily accessible online accounting system – at actual cost without any add-ons or surcharges.

Our personalized service offers all the benefits of having your own in-house aviation department but at lower costs and increased convenience.

premiumjet

Premium Jet operates a fleet of business jets with dedicated, highly qualified and discreet flight and cabin crews – available for charter.

Chartering a business aircraft has never been easier...

Our 24/7 charter department provides end-to-end charter solutions ensuring complete confidentiality for your travel plans.

Whether you intend to buy or sell an aircraft – a team with expertise and experience is probably the most important factor.

Because you can't be there ...

Buying or selling an Aircraft

Premium Jet offers independent market advice and analysis. We will represent your interests throughout the entire sales process.

Premium Jet provides full aircraft sales and purchase service including a comparative and competitive analysis of your requirements, search and identification of suitable aircraft or buyer, price negotiations, contracting to all checks needed.

Aircraft Completion and Acceptance

The use of an independent company to professionally attend to the aircraft completion process is of fundamental importance and will prove to be a sound financial decision.

Aircraft completion demands strict supervision of safety, maintainability, reliability, efficiency and attention to detail. Premium Jet as your representative in liaison with the manufacturer ensures full compliance to your purchase agreement, to all regulatory and legal requirements and highest quality from green aircraft delivery, aircraft completion to final aircraft acceptance.
