# CITATION CJ3

Light  
Jet

1875nm  
Range

6  
Seats

417  
knots  
Cruising Speed

The Citation CJ3 is a nimble and high-performance jet, perfect for economical chartering and business travel. The redesigned Citation CJ3 is larger and faster than Cessna's previous business jets. Its fuel-efficiency and speed do not compromise space and capacity. The jet can comfortably seat 6 passengers and two crew members in a 16-foot cabin while offering onboard wi-fi and refreshment center.

For reliability and performance, the Citation CJ3 is ideal for the productive business traveler.
