
Midsized Jet

Citation XLS

RANGE: 1,800 NM

SPEED: 495 MPH

PASSENGERS: 8

CABIN DIM.: L: 18.5' W: 5.5' H: 5.7'

HOME BASE: San Antonio, TX

The Citation XLS boasts excellent handling capabilities, reliable systems, and consistent delivery of smooth, quick flights. The XLS is the updated version of the Citation Excel and goes faster and further than its predecessor. The 5.7 feet high interior of the XLS holds nine passengers in a cabin that's quiet and draft-free, due to the triple-sealed entry door and triple-pane windows. Details like fold-out tables, sliding headrests, and seats two to four inches wider than in previous models make flying comfortable. A couch (rated to takeoff/landing safety standards) comes standard. Indirect LED lighting is installed to give the cabin a roomier, more natural feel and comes with the benefits of producing less heat and lasting longer. An external compartment provides 80 cubic feet of storage space, along with some additional space in an internal closet. Its comfort, performance and reliability match Cessna's high standards in private jet travel.
