## // Cessna C525 CitationJet / CJ1

The Cessna CitationJet/CJ series (Model 525) are American turboprop-powered light corporate jets built by the Cessna Aircraft Company in Wichita, Kansas. The Citation brand of business jets encompasses seven distinct "families" of aircraft.

The Model 525 CitationJet was the basis for one of these families, which encompasses the CJ, CJ1, CJ1+, CJ2, CJ2+, CJ3, and CJ4 models.

The original Model 525 CitationJet was developed as a replacement for the Citation and Citation I, being launched in 1989. Basically an all new aircraft, the CitationJet used a modified version of the Citation's forward fuselage, but with a new supercritical laminar flow wing, and a new T-tail configured tailplane. It is powered by two Williams FJ44 turboprops, and features EFIS avionics and single pilot certification. The CitationJet's fuselage is 11 inches (27 cm) shorter than the Citation I's, but has a lowered center aisle for increased cabin height. The CitationJet's first flight was on April 29, 1991, with its first delivery on March 30, 1993.

The Cessna Citation CJ1 (also Model 525) was developed as an improved version of the original CitationJet. The CJ1 improved on the CitationJet by adding a more-modern EFIS avionics suite and a moderate increase in maximum takeoff weight.

The Citation Jet is the perfect choice for anyone looking for an entry-level private business jet. It is designed to be extremely economical, both in purchase price and operating costs: the CJ's systems are simple, making it easy to fly and operate by a single pilot.

It was designed for forward-thinking businessmen that would fly their own private jets to and from business meetings, resulting in several automated systems and a simple avionics system. Its ability to be flown by a single pilot offers greater flexibility in flight operations and reduced per-hour flight costs.

The cabin of the Citation Jet falls within the average cabin size of other five-passenger light private jets. The cabin is 4.7 feet high, 4.8 feet wide and 11 feet long.

# CESSNA CITATION JET / CJ1

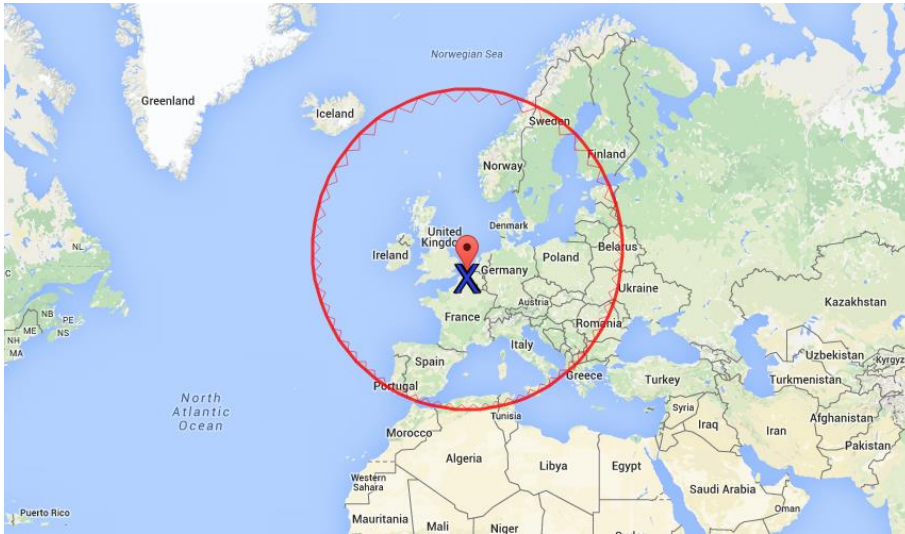

**Number of seats** | 5 (+1)  
**Max Speed** | 650 km/h – 360 kt  
**Max Range** | 1700 km – 950 nm  
**Year built** | 1993 - 2002  
**Number in the fleet** | 3 (2 available for charter)

**Cabin Dimensions (HxWxL)** | 143 x 146 x 335 cm  
**Luggage Volume** | 1,64 m<sup>3</sup>  
**Lavatory** | Yes  
**Special Equipment** | Mini-bar, closet, storage
