

EUROCOPTER EC135

The EC135 is recognised for its high performance and outstanding manoeuvrability - and it is one of the quietest helicopters in its class.

Our EC135s carry up to six passengers in comfort – one up front beside the pilot for the ultimate flying experience, and five in the beautifully crafted leather cabin behind. Physical comfort isn't the only luxury however; low noise and vibration levels ensure the quietest flight possible, making the EC135 the ideal helicopter to hire for business trips where the meeting can continue in flight, or for a cosseted and relaxing treat.

The EC135's luggage capacity is surprisingly large, so whether you're a golfing party or a prolific shopper visiting Paris, there's plenty of space. The EC 135 has an opulence to be enjoyed for as long as possible: this helicopter can take you to London, then Paris, and home again in time for dinner. Perhaps you can find an excuse to see more sights...

AIRCRAFT ENDURANCE FIGURES
