Learjet 45 XR *Performance. Comfort. Style.*

New models of private jets come out every year, but it's only once in a while that a jet is released that is truly innovative. The Learjet 45 is one of the rare jets that seamlessly integrate new technology with a tested and successful older design.

Its speed and economy are to be expected, it is a Learjet, after all but the rest of its small features add up to a high-quality private jet.

Eight windows on each side of the cabin let in natural light and add to the feeling of spaciousness. Environment is controlled by a two-zone system to keep passengers and pilots comfortable. Other features include a full width lavatory, a galley, and fold-down work tables.
