# OUR PLAN FOR THE PLANET

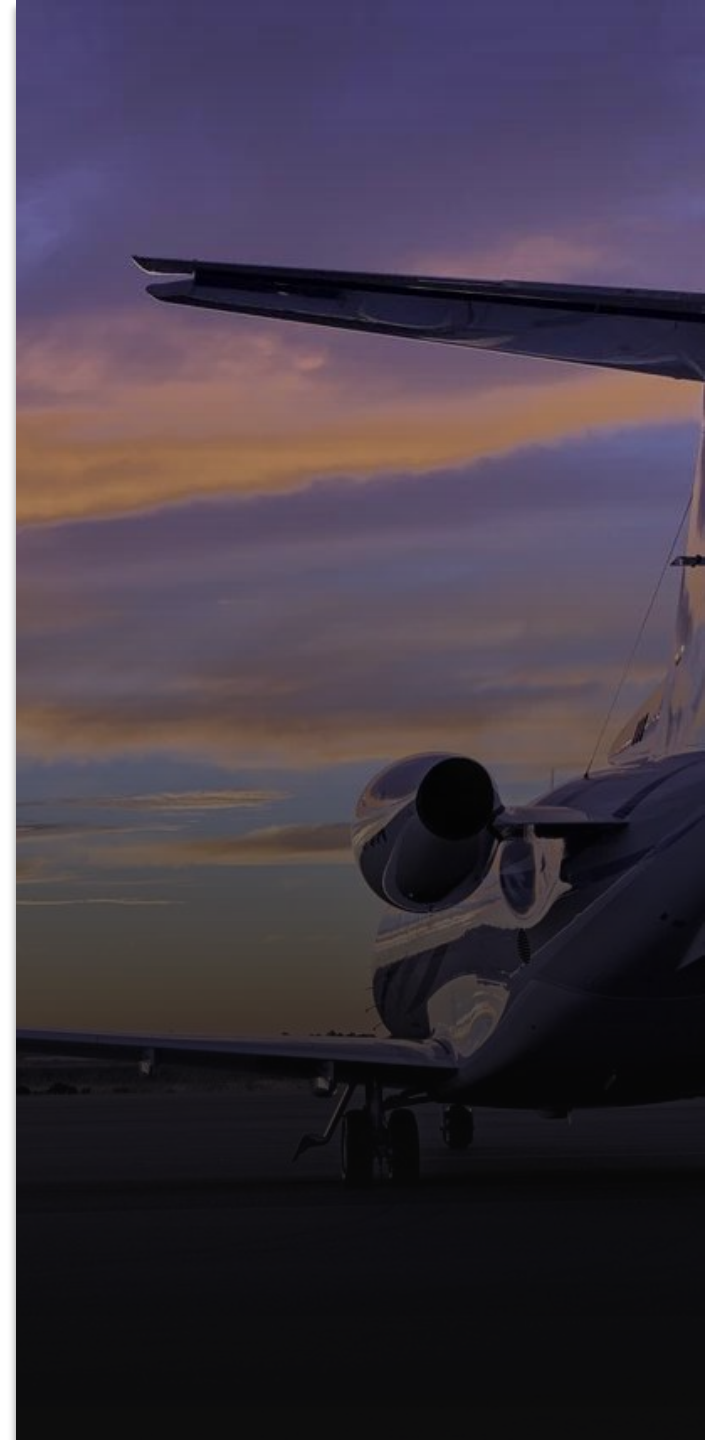

In avoiding and reducing emissions we go far beyond what is common in the aviation industry today. As the first charter broker in the world all our flights:

1. Are 300% emission offsetted
2. Have an additional 5% emission reduction through the usage of sustainable Aviation fuels

On top we invest in the Aviation Climate Fund that supports new sustainable technologies.

**And We Donate 1% Of Our Turnover To**

**TOGETHER,**  
we CAN and we WILL  
change the aviation world  
for the better in your  
lifetime.
