

VP BRT

Step inside a world of comfort and delight.

RoyalJet

BOEING BUSINESS JET

VP BRT

This beautiful recently upgraded aircraft offers a large forward VVIP lounge (majlis), a forward galley and crew rest area, a mid-cabin conference/dining group and a VVIP lavatory with shower, a spacious aft private office and a beautiful aft stateroom and an expansive ensuite VIP lavatory with shower.

The interior of this aircraft was refurbished in 2021 utilizing premium materials and features high-quality leather and spectacular wood laminates. At the same time, the aircraft received upgraded soundproofing to reduce in-flight noise levels, a low cabin altitude modification and humidifiers to reduce passenger fatigue on long flights, and upgrades to various other interior elements.

This is the first BBJ, and possibly the first private aircraft globally to offer the highest levels of on-board air quality achieved by the new Needle Point Bi-Polar Ionisation System provided by Aviation Clean Air.

It also features the fastest on-board internet speed available on the market using the Ka-Band Antenna System provided by Honeywell – a modern satellite system that allows the watching of movies, holding video conferences and making high-speed calls, all simultaneously. This system helps customers make the most of the adjustable lighting, the broadcast IFE System and the high-quality sound system with overhead speakers and subwoofers.

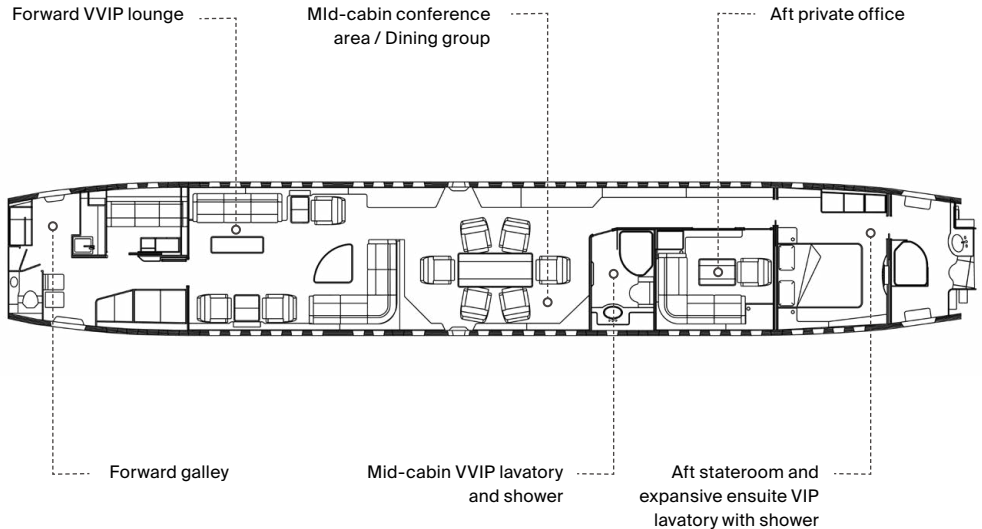

The aircraft's Scimitar Winglet technology improves the overall aerodynamic efficiency, which is pivotal in reducing carbon emissions, improving fuel efficiency and lowering operating costs. This results in significant savings on fuel and enables the aircraft to fly to more destinations non-stop by extending the flight range.

The cabin configuration offers 18 passenger seats in the lounge, at the conference grouping and in the office, including 10 single VVIP seats and 8 seats on the various divans. The three crew rest seats can also be utilized during flight, and the office can be converted into a second bedroom.

For a restful and comfortable trip overnight or at any time of the flight, this aircraft offers a queen-sized bed, a full-sized bed, 2 single sleeper divans, and 5 lie-flat or 9 deep recline VVIP seats.

DAY CONFIGURATION

FLEET TYPE

REGISTRATION:	VP BRT
AIRCRAFT:	Boeing Business Jet 737-7BC
YEAR OF MANUFACTURE:	2002
ENTRY INTO SERVICE:	2021
