

FALCON | 2000EX EASy

Aircraft Overview

Few other private jets can complete trips of 3,800 miles at .80 Mach with nine passengers at 51,000 feet above sea level. This beautiful nine passenger executive interior consists of a forward 4-place club with writing tables and aft 2-place club opposite a 3-place berthable divan. The 2000EX EASy is a transcontinental, highly advanced, extremely fuel efficient marvel of engineering making flying safer and more enjoyable than ever.
