

# HAWKER 800 | N814ST

The Hawker 800 is a wonderful mid-size jet, perfect for any kind of short- and long-range flights. This aircraft is very popular due to its ability to take off from much shorter runways, which will allow passengers to get as close as possible to their destination.

The Hawker 800 offers passengers' high levels of comfort: The spacious cabin is fitted with eight seats, and the seats are fully adjustable, and very comfortable for a restful flight.

During the flight, passengers can enjoy a cold drink thanks to the built-in beverage station. All this makes your flight in the Hawker 800 a relaxing experience.
